March 25, 2020

To all CHA Residents:

The Concord Police Department has partnered with Emergency Communications Network to license its CodeRED high-speed notification solution to create a Concord Police Department Emergency Notification System. The CodeRED System provides Concord Police Department with the ability to quickly deliver personalized messages via voice, email, phone text and TDD/TTY capabilities to targeted areas or the entire Town of Concord in minutes.

No one should automatically assume his or her phone number is included, all residents and businesses should log onto the CodeRed and complete the registration form that can be filled out. Anyone without Internet access may call the Concord Police Department at 978-318-3400 to supply their information over the phone. Required information includes first and last name, street address (physical address, no P.O. boxes), city, state, zip code, and primary phone number. Additional phone numbers can be entered as well.
